

AMARORWOT NAOMI

Full Stack Developer | React · Node.js · Python · TypeScript

+256 709 124 144 | amaronaomi134@gmail.com | github.com/Amaro134 | Kampala, Uganda

PROFESSIONAL SUMMARY

Full Stack Developer with strong hands-on experience in building and maintaining both front-end and back-end web applications. Proficient in **React.js, Node.js, Python (Django), TypeScript**, and modern development practices. Passionate about developing scalable solutions, troubleshooting complex issues, and collaborating in agile, remote environments. Quick learner with a strong willingness to adapt and grow, particularly interested in contributing to **AI-powered systems** and innovative product development.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Responsive Design **Backend:** Node.js, NestJS, Python, Django, REST API Development **Database & Tools:** PostgreSQL, Prisma ORM, Git & GitHub, APIs Integration **Other:** Agile/Scrum, Remote Collaboration, Problem Solving, System Debugging & Optimization

EXPERIENCE

Full Stack Developer Apprentice Refactory Academy — Kampala, Uganda *Oct 2025 – Present*

- Developed and maintained **RESTful APIs** and full-stack features for production web applications.
- Built responsive **React.js** components and user interfaces for dashboards and user-facing modules.
- Collaborated with cross-functional teams in remote and hybrid settings to deliver product improvements.
- Troubleshoot and resolved critical bugs, including image rendering and notification issues, improving application performance.
- Participated in code reviews, sprint planning, and retrospectives to continuously enhance code quality and team processes.
- Demonstrated flexibility by working across frontend, backend, and mobile (React Native) components.

PROJECTS

Beyond Sports — Corporate Wellness Platform | 2025 – Present *Backend & Full Stack Developer (NestJS + React + React Native + PostgreSQL)*

- Developed scalable backend services with secure **JWT authentication** and robust API architecture.
- Designed and managed database schemas using **Prisma** and **PostgreSQL**.
- Integrated third-party services and cloud storage solutions.
- Worked closely with the team to debug, optimize, and ship new features in an iterative development cycle.

My Grocery Buddy | 2025 *Full-Stack Web Application (Python + Django + PostgreSQL)*

- Built a complete responsive web application from scratch including **RESTful APIs**, authentication, and CRUD operations.
- Implemented clean, maintainable code following industry best practices.

EDUCATION & CERTIFICATIONS

Apprenticeship — Full Stack Developer Refactory Academy | *Oct 2025 – Jun 2026*

Certificate in Software Engineering (Python) Refactory Academy | *Jun 2025 – Sept 2025*

Additional Certifications:

- Tunga Academy — Full Stack Developer Program
- Microsoft Azure Fundamentals
- Data Analysis Certificate
- BrighterMonday Uganda — Professional Soft Skills
